Research Support

Research projects:

Project Title: Long-term health outcome among HCV patients with advanced liver fibrosis treated through HCV elimination program in Georgia

Participating Institution: Health Research Union/Clinic Neolab, Hepatology Clinic HEPA, Infectious Diseases, AIDS and Clinical Immunology Research Center, Medical Center Mrcheveli.

Donor Organization: CDC

Project Duration: 2017-2018

Role: Researcher

Project Title: Evaluation of integrated HCV treatment program in harm reduction centers of Georgia

Participating Institution: Health Research Union/Clinic Neolab, Hepatology Clinic HEPA, Infectious Diseases, AIDS and Clinical Immunology Research Center, Medical Center Mrcheveli.

Donor Organization: CDC

Project Duration: 2018

Role: Researcher
